GREAT POWERS CONFER TODAY FLOODS OVER SOUTHWEST SUBSIDING

OKLAHOMA WOMAN DROWNED AS HOUSE IS WASHED AWAY

FLOODS IN RIO GRANDE AND OTHER TEXAS RIVERS DO LITTLE DAMAGE

ALTUS, Okla., July 20.—(P)—An elderly woman was drowned and the town of Humphreys, 12 miles southeast of here was inundated today by a flood.

Mrs. C. C. Conley, 62 years old, was drowned after her home had been washed away. The rest of her family and members of other families whose homes were swept into the flood waters, were rescued. It was believed there were no other fatalities.

M-K-T railroad tracks were washed out for more than a mile, and boats were taken into the area where between 10 and 12 inches of rain fell early today, sending Snake Creek out of its banks.

Perched in the attic and on the roof of their home, members of the Lee Blair family were rescued by men using teams of horses. The J. A. Blair family also was rescued.

Mrs. Conley was swept into the water after she and her son, Clarence and his sister, Emma, had gone to the railroad tracks from their inundated home. Boatmen were searching for her body.

The water was falling this afternoon. Inside the town proper the flood situation was not critical.

Santa Fe tracks north and south of Altus were washed out with no trains expected for six hours. The M-K-T expected no service into here before tomorrow afternoon. Other streams in the county were flooded. Crops in many cases were ruined.

Two Altus girls, Lutie Tattman and Virginia Doan, were in a bus en route to Wichita Falls, Tex., when the bus was stalled in high water. Luckily they had swimming suits with them and rode to safety on the backs of two horses obtained from a farmer by Howard Bourland, the driver.

Baptist Campers Isolated by Flood

UVALDE, July 20.—(P)—Flood waters of the Frio rivers were slowly receding today, but traffic from Uvalde across the main

DEATHS AMONG CONGRESSMEN OPEN ANEW BATTLE CONTROL HOUSE AT DECEMBER OPENING

HALL ATTEMPTS NEW RECORD FROM HAVANA-NEW YORK

SET NEW MARK IN SATURDAY FLIGHT WILL STOP AT MIAMI

MIAMI, Fla., July 26.—(P)—James Goodwin Hall, flying New York broker, refueled his monoplane "Crusader" during a 57-minute stop here today on his flight from Havana to New York in which he hopes to reduce the time of 8 hours 35 minutes he made Saturday on a non-stop trip to the Cuban capital from Roosevelt Field.

Leaving Havana at 6:04 Central Standard time today, Hall brought his low-winged monoplane down on the airport here at 7:28 a.m., took aboard a fuel supply and headed northward at 8:25 a.m.

He said he would attempt to reach Roosevelt field without another stop.

HAVANA, July 20.—(P)—James Goodwin Hall, New York stock broker, who flew from New York to Havana in a little more than 10 hours on Saturday, took off for a return flight at 6:04 (CST) 4 o'clock this morning.

Flying the speedy monoplane, "Crusader" he intended to stop briefly at Miami on his way north to Roosevelt Field. This time he hopes to lower the time of his passage south.

On the way down the former army flyer clipped nearly six hours off the time of the only other non-stop flight between New York and Havana, made by Chas. A. L. and Mabel Bell and William Suttle, on July 23, also lowered by 46 minutes the time required by Captain Frank Hawks for the 1932 convention.

Air Collision of Army Planes Took Two Lives

NEWINGTON, Conn., July 20.—(P)—Lieutenant Benjamin F. Lowry and his observer, Corporal Harold Strosnider, were killed today in a collision of two United States army airplanes over Newington.

The occupants in the other plane Lieut. Francis X. Kehl and Staff Sergeant David L. Spiller, escaped to safety with their parachutes.

Michael Pernicelli, of Meriden, a civilian, was struck and seriously injured by one of the falling planes.

The two army planes were flying in formation with four others from Mitchell Field to Rentschler Field, East Hartford, where the fliers were to have inspected the plant of the Pratt and Whitney company.

Pilot and Passenger Killed.

PARSONS, Kas., July 20.—(P)—An airplane, crashing from a low altitude, carried Pilot Fred C. Campbell, 36, Coffeyville, and Jas. McCol, 20, of Parsons, to their deaths at the airport here yesterday.

Campbell, a World War veteran and holder of a private flying license, came here to witness an air circus. Taking McCoy on a flight, he had attained an altitude of about 300 feet when the craft went into a tailspin and fell. Both were killed instantly.

LOCAL CONTRACTOR BUILDING WAREHOUSE AND OFFICE HERE

E. W. Hable, local bridge and road contractor, is constructing a large warehouse and office at the intersection of South Seventh street and East Eleventh avenue.

The warehouse is 60x100 feet, while a second-story office 20x50 feet is also being provided.

Mr. Hable has five bridge and road outfitts in addition to a number of trucks which will be kept in Corsicana.

It is expected that the building will be finished in about 30 days.

THEATRE SAFE ROBBED.

PORT ARTHUR, July 20.—(P)—Knobkicker's last night got \$300 from the safe. Theatres safe.

No clues were left. The thieves entered through the side of the building, chiseling out a piece of sheet rock.

AGED PRESIDENT OF GERMANY STILL RULES DECISIVELY

VON HINDENBERG FAILS TO LOSE POISE DURING NATIONAL CRISIS

By LOUIS P. LICHTNER
(Copyright, 1931, by Associated Press)

BERLIN, July 20.—(P)—President Paul von Hindenbberg, despite his eighty-three years, is anything but a figure head. His will still rules the cabinet and, with it, the country. As it is recorded only on occasions of the first importance, it is all the more decisive.

This reserve power is an outstanding characteristic of the venerable octogenarian. All his life, he has sought to conserve his strength. Quick, nervous motions are foreign to him and, in fact, taboo in his presence. When his political advisers, adjutants or secretaries report to him, he insists that they walk without haste, speak without hurry, marshal their facts without waste of words.

During a period of political hysteria, such as has characterized the last year in Germany, the fact that at the head of the nation there stands a man whom nothing can throw out of his poise has been of incalculable benefit to the nation.

The president's daily life is one of unswerving regularity. A nearly

each, supply the fields of contest which control of the house may hinge. Control now is doubtful with groups in both parties forecasting victory while others disclaim any desire to organize for a session which history may record as one of the most turbulent.

Internal party dissension aggravated by the depression and sectional interests loom large on the horizon and may prove a weighty factor in the outcome when opportunities provided for a grand coalition strength in the vacant office.

Already progressive groups have made concrete legislative demands as the price of supporting either party candidate for the speakership and a deadlock has been predicted in some quarters unless these demands are met.

Meantime, death has shown a non-partisan trend, striking in districts with definite political complexities. Of 3 vacancies caused by Democratic deaths, one is in Georgia, and one in Brooklyn, while the Cleveland seat of Chas. A. Mooney has a strong democratic record.

PAINTERS MEET GALVESTON

GALVESTON, July 20.—(P)—Delegates to the fourth annual convention of the International Society of Master Painters and Decorators, met here today for the opening session of their three-day meeting. The El Paso delegation was making a strong bid for the 1932 convention.

ATTEMPT UNCOVER ANTI-TRUST LAWS VIOLATION MONDAY

CHIEF SUPERVISOR IS QUERIED BY MEMBERS OF LEGISLATURE

AUSTIN, July 20.—(P)—Attempts to uncover violators of the anti-trust laws by price-fixing agreements among the major oil companies were made today by the house of representatives of the Texas legislature in its investigation of the reasons for the chaotic conditions in the oil industry.

R. D. Parker, chief supervisor of the oil and gas division of the railroad commission, was the witness during the inquiry into this phase.

Parker said he did not know who fixed the price of oil. He was asked by Representative Harry Graves, of Georgetown, if the major companies did not "follow suit" in price reductions and raises.

Parker answered that when one company cut, the others usually followed and that when one raised the price, the same condition prevailed.

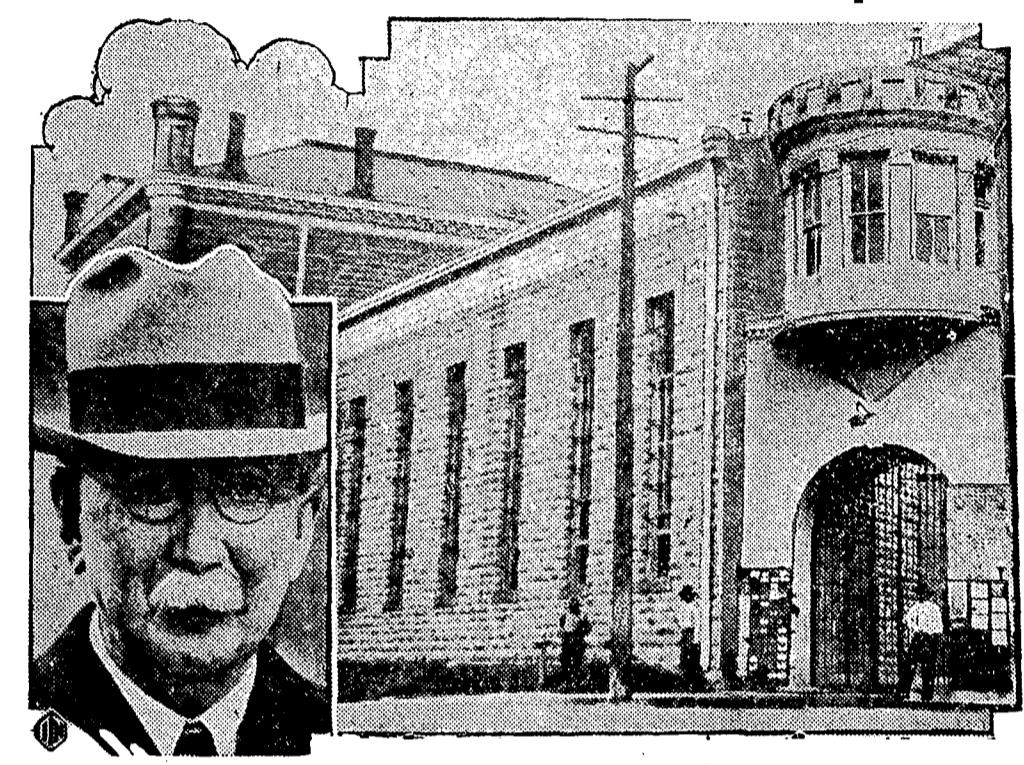

This might be a conclusion that the price was fixed by concerted action, but not a fact on which to base the opinion, Parker said, adding it had been reported to him that much of the oil in East Texas was being bought by the majors on contract from brokers and not on a posted price.

Parker was quizzed at length concerning the operation of pipe line companies affiliated or owned by producing and marketing companies. Several of the major oil companies make most of their earnings in pipe line operations while showing a loss on producing and marketing, Parker said.

Parker was quizzed at length concerning the operation of pipe line companies affiliated or owned by producing and marketing companies. Several of the major oil companies make most of their earnings in pipe line operations while showing a loss on producing and marketing, Parker said.

By a curious stroke of irony, Albert B. Fall, former Secretary of the Interior, and convicted of accepting a \$100,000 bribe from Edward L. Doheny, will serve his long-delayed sentence of a year and a day in a penitentiary which he helped to create and whose problems engaged his political attention before he entered the cabinet of President Harding. Above is shown a section of the New Mexico State prison and a late picture of Fall. The former cabinet member was expected to enter the prison late Monday.

Fall to Serve Long Delayed Term in New Mexico Prison He Helped Create

By a curious stroke of irony, Albert B. Fall, former Secretary of the Interior, and convicted of accepting a \$100,000 bribe from Edward L. Doheny, will serve his long-delayed sentence of a year and a day in a penitentiary which he helped to create and whose problems engaged his political attention before he entered the cabinet of President Harding. Above is shown a section of the New Mexico State prison and a late picture of Fall. The former cabinet member was expected to enter the prison late Monday.

GOVERNOR MURRAY SEEKING SUPREME COURT ASSISTANCE

WILL ASK FOR ORDER OPENING FREE BRIDGES OVER RED RIVER

Martial Law Is Declared Today In Parts China

PEIPING, China, July 20.—(P)—Martial law was declared today in Peiping and Tientsin, a rigid censorship was imposed and the Manchurian authorities are commanding military supplies with the evident intention of moving against the disaffected gendarmes in Hohhot.

Minor clashes last week between the Manchurian advance guard, moving down the Peiping-Shih railway and the army of Shih, Yu-San, semi-independent general controlling North Honan with about 40,000 troops, pointed to renewed warfare north of the Yellow river.

Despite repeated assurances of loyalty to the Nanking government, Shih Yu-San has been commanding rolling stock, intercepting railway traffic.

Although the high court now is in recess, Lewis was advised by the justice department he said that immediate action was possible.

DIPLOMATS LEAVE PARIS MONDAY FOR LONDON CONFERENCE

CHANCELLOR BRUENING DELIGHTED AT CORDIALITY SHOWN BY FRENCHMEN

STATESMEN SEVEN NATIONS CONFERRED ON ECONOMIC CRISIS

SIMPLE CEREMONIES MARK OPENING OF MOMENTOUS CONFERENCE MONDAY

LONDON, July 20.—(P)—Statesmen of seven nations assembled this evening in Prime Minister MacDonald's office in the house of commons for the first meeting of a conference which will consider how Germany is to be saved from economic collapse.

The gathering is regarded here as the most momentous international assembly since the signing of the Versailles Treaty, for its outcome, in the opinion of British observers, depends on the future welfare of Europe and the world.

Technically the conference will confine their discussions to economic matters in connection with the German monetary crisis, but there is no commentator in this country who does not believe that when so many world statesmen are gathered in one place an approach will not be made toward a wider import.

Three outstanding American statesmen are attending for their country—Henry L. Stimson, secretary of state; Andrew W. Mellon, secretary of the treasury, and Hugh M. Gibson, ambassador to Belgium.

The other conferees represent Great Britain, Germany, France, Belgium, Italy and Japan.

LONDON, July 20.—(P)—Statesmen of seven great powers assembled here today for the most important international conference since the meeting at Versailles to write the way into the economic and political map of the world.

They were charged with the task of reconciling conflicting national interests into a program of rescue capable of pulling Germany free of economic catastrophe and, at the same time, of lessening financial stress throughout the world.

Britain prepared for the meeting simply for the first assembly of the statesmen, to be held this evening in Prime Minister MacDonald's room in the house of commons, no elaborate ceremonial was planned. Business first was the order of the day.

An atmosphere of optimism prevailed London today—so much so that in diplomatic circles it was

MICHIGAN OIL WELL FIRE TAKES LIVES EIGHT; SEVEN OTHERS EXPECTED SUCCUMB

DR. ISAAC N. SUTTLE DIED SUNDAY NIGHT AFTER LONG ILLNESS

FUNERAL SERVICES FOR PROMINENT SURGEON TUESDAY AFTERNOON

Dr. Isaac N. Suttle, aged about 70, practicing physician here for nearly half century and resident of Corsicana since early childhood, died at his home, 421 West Sixth avenue, Sunday night at 9 o'clock following an illness of several months. Funeral services will be held Tuesday afternoon at 1 o'clock from the family residence.

John T. Suttle and Mrs. Martha Pettigrew Suttle, who came to Corsicana in the early days of this county, Dr. Suttle received his early education in Baylor university, and in a competitive examination with eighteen applicants from Navarro, Limestone and Freestone counties won a scholarship at Sam Houston Normal at Huntsville and was a member of the first graduating class at that institution in 1885.

Dr. Suttle graduated from the Kentucky School of Medicine at Louisville and returned to Corsicana where he began the practice of medicine as the partner of his father.

In 1890, Dr. Suttle and Miss

FALL EXPECTED TO FINISH TRIP TO NEW MEXICO PRISON SOMETIME DURING MONDAY

THREE RIVERS, N. M., July 20.—Albert B. Fall faced a 200-mile trip to his Tres Rios ranch at Santa Fe, New Mexico, yesterday, where he is sentenced to serve a term of a year and a day for accepting a bribe while secretary of the interior.

An ambulance, described by the former cabinet officer as a "damned hearse," awaited him for the journey from El Paso, Texas, noon. His party, including Mrs. Fall and a granddaughter, Martha Fall, arrived here Saturday night.

The halt was suggested by Dr. J. H. Gambrell, his personal physician, who said Fall had stood the trip fairly well, but was "feeble and tired." Fall had no visitors yesterday. He retired early last night.

Officers of the ambulance company said the party probably would start for Santa Fe about noon. That is the hour at which Fall habitually arises. At Santa Fe preparations were made for the entry of Fall as a convict in the prison he helped to build, as a New Mexico legislator, to build.

Convicted of accepting a \$100,000 bribe from E. L. Doheny in the leasing of the Elk Hills, Cal, naval

Two Miners Are Shot to Death From Ambush

CHARLESTON, W. Va., July 20.—Two miners were killed on their way to work at the mines of the Raymont City Coal Company.

Putnam county today was shot from a woods some distance away. Clarence Kyle, 23, a motorman, died instantaneously. His companion, D. E. Fiske, 21, a motorman, died a few minutes later.

Fiske, with good behavior time off, may be released in about eight months if a \$100,000 fine imposed along with the prison sentence is satisfied.

There

DIPLOMAS GIVEN GRADUATES SUMMER SCHOOL SESSION TEN SENIOR AND THREE JUNIOR HIGH STUDENTS COMPLETE COURSES

Ten senior and three junior high school students received their diplomas at the eighth annual summer commencement exercises of the Corsicana High School in the auditorium Thursday night. Miss Blanchard, 17, was the first senior, and Neal Brown was the second honor student. Miss Liddell also received her diploma in music, having completed four years' work with an average of 93.

Those receiving their diplomas were: Seniors, Miss Jean Delahay, Miss Blanche Liddell, James Chidress, Miss Julia Bell, Huston, Neal Brown, George Elliott, Edwin Roberts, Ferma C. Stewart, Paul Sutton, and Kelly Willingham; and juniors, Miss Frances Bryant, Edwin Goodwin, and Miss Mary Katherine Schell.

Mr. Willard, high school science instructor and principal of the summer school, was master of ceremonies, and made a short talk preceding the program. He pointed out that there were 128 students enrolled in the summer sessions, and that during the first week of school there were no absences.

Mr. Willard further declared that generally during the summer there was a high attendance record, and that a very high type of work was done by the students.

He attributed the high type of scholastic work to the fact that there were no socials or other

activities in the school to distract the students' attention from their work.

In conclusion Mr. Willard thanked all concerned for making the summer school a successful one.

Mr. Willard's introductory remarks were preceded by the professional, played on the piano by Miss Catherine Whitten, one of the teachers.

Miss Liddell, Salutatorian.

In the opening remarks of her salutatory address, Miss Liddell extended a cordial welcome, on behalf of the class, to all the people present. She further pointed out that the students had achieved one of their goals—graduating from the school, but that, now, they must reach out for others.

"It is necessary now for us to part, but in future years the friendships and associations we formed during our high school days will be binding, and we will always be held together by them,"

Miss Liddell continued. In this connection she averred that influences thrown around the students while in high school had had a character molding effect, and that each student will be benefited in later life by them.

Concluding, Miss Liddell declared, "Our graduation from high school closes an epoch in our lives, and we ask you to be 'rad with

"The next numbers on the program were two well rendered vocal solos by Mrs. W. L. Kirk, with Miss Ruth Huffman as accompanist. Mrs. Kirk's first selection was "Trees," by Rasbach, and the second, "My Task," by Ashford. The valedictory address by Edwin Roberts was next given.

Unknown Future.

Opening his address, Roberts said, the graduates had a happy past and an unknown future. Further he asserted that the future depended upon the students' education and preparatory training, during which time they have lived and studied in community of far seeing people, and have had the opportunities to study in one of the best school systems in the state. Here he speaker thanked the citizens of Corsicana for providing such a system; complimented the teachers for their patience, and said the students hope to show their appreciation to all by their success in the future.

Directing his words to his classmates, Roberts said, in conclusion, "Let us pledge ourselves to make our future lives reflect credit to the school and city, and be good citizens."

At this point Mr. Willard gave out the diplomas to the ten high school and three junior high school students.

Mrs. W. F. Kenor, Corsicana music teacher, spoke briefly relative to Miss Liddell's adeptness as a student of music, and said that she completed a four years music course in three and a half years, with the average of 93. Mrs. Kenor gave Miss Liddell a diamond ring.

The benediction was given by Rev. R. A. Crosby, pastor of the Eleventh Avenue Methodist church.

MELVIS SCROGGINS DIED IN ARKANSAS; BURIAL MADE HERE

Funeral services for Melvis (Doc) Scroggins, age 19, who died in Stephen, Ark., Friday morning following a short illness, were held at 3 o'clock Saturday afternoon from the home of his sister, Mrs. Fred Kessinger, 202 Mamie avenue and were conducted by Rev. Thomas Lenox, pastor of the First Christian church. Burial was in Oakwood cemetery. The funeral was directed by the Sutherland Funeral home.

Surviving are his parents, Mr. and Mrs. J. F. Scroggins, Powell, three brothers, Earl Scroggins, Corsicana; Earl Scroggins, Texarkana; Scroggins, Powell; five sisters, Mrs. Fred Kessinger, Corsicana; Mrs. C. L. Garrett, Corsicana; Miss Evelyn Scroggins, Corsicana; Mrs. Ancel Pulley, Trinidad, and Miss Louise Scroggins, Powell.

Pallbearers were eight of his boy friends, J. C. Newman, James Albert Jackson, Paul Owen Adams, Lloyd Newman, Earl Wilson Breithaupt, Jessie Montgomery, Harmon Ferguson and Raymond Bullock, all of Powell.

Colley-McMahon Funeral Home had charge of the funeral.

Sheriff Joel Baker of Athens was in Corsicana Thursday.

H. McCord was in Corsicana Friday from Kerens.

Robert Walker of Kerens was in Corsicana Friday.

Rev. W. R. Hall, pastor of the First Presbyterian church, and C. G. Davidson are in Waco today attending a meeting of the Presbytery of their church.

Cleburne Golfers Defeated Corsicana Sunday 16 to 10

Cleburne golfers exacted revenge on the Corsicana Country club team Sunday afternoon in Cleburne by downing the local masters, 16-10, in their Central Texas Golf League matches, and the loss by Corsicana practically cinched the league championship several weeks ago here, 29-0.

TEMPORARY FAIR ORGANIZATION IS HEADED BY MARKS

A temporary organization headed by Sydney Marks, Corsicana merchant and civic leader, was evolved at meeting where these interested in a county-wide fair at a called meeting of the Navarro County Fair Association in the chamber of commerce Thursday afternoon.

The group is charged with the responsibility of interesting the entire county in a fair and in making plans for a permanent organization and for plans for an initial show, probably in 1932. It was indicated that a poultry and livestock exhibit would be held in Corsicana during the fall as the immediate predecessor of a real county fair.

Jack Megrity, president of the association, called the meeting to order and the minutes of the last sessions were read by H. B. Bonar, secretary. The president stated that the meeting was called to take some definite action toward the securing of a permanent county fair for Navarro county.

L. Harris of Blooming Grove stated that the proposed permanent organization could not be effective until the co-operation and financial support of the business men of Corsicana has been secured. Secretary Bonar stated that he could pledge the assistance of the Corsicana Chamber of Commerce and would voice for the support of the business men.

W. O. Harwell, president of the chamber of commerce, serving in an unofficial capacity, stated that his organization was anxious to support any move toward progress in the county, and since a good basis for development was usually laid in county and community fairs, he believed that the directors would co-operate when a definite proposal was placed before them.

A. D. Carson, vocational director of the Milford-Prudential schools, said that he had some experience with fairs, and warned against entering the campaign with any ideas that it would be a money maker.

Says C. C. Should Sponsor.

A. P. Mays stated that in his opinion the organization should be sponsored through the Chamber of Commerce since the business men of Corsicana would be called to share the principal financial burden.

Considerable discussion ensued as to the best possible procedure and it was finally decided to name a temporary organization, whose duty it would be to arouse such interest as possible, and to make plans for a more permanent organization in the future. They are to appear before as many organizations over the county as possible, soliciting the support of all sections and communities.

With representatives from several communities to be named in the next few days, the following committee was named: Sydney Marks, chairman; A. P. Mays, Jack Megrity, H. B. Bonar, of Corsicana; Bruce McCormick, and G. N. Phillips, of Blooming Grove; E. S. Shepard, Jr., G. O. Moore of Frost, F. H. Simpson and V. T. Matthews of Dawson; Henry Davis and Wayne Milligan of Richland; Drew Davis and Earl Newwood of Purdon; W. E. Woodruff and Luther Boswell of Barry; committee men to be selected from Roane, Kerens, Rice, Chaffield, and other points in the county.

Among those attending the meeting Thursday night were Ed O'Sharnan of Frost; J. C. McDonald of Shepard; T. M. George, Jr., R. L. Harris, R. Bruce McCormick, and C. N. Dillingham of Blooming Grove; E. S. Shepard, Jr., G. O. Moore of Frost, F. H. Simpson and V. T. Matthews of Dawson; Henry Davis and Wayne Milligan of Richland; Drew Davis and Earl Newwood of Purdon; W. E. Woodruff and Luther Boswell of Barry; committee men to be selected from Roane, Kerens, Rice, Chaffield, and other points in the county.

Reports from electric storm of Thursday, show the following homes badly damaged: Jess Turner home, five miles north of Wortham, all four corners of the home and two porches torn off; Jack Griffin, four miles northwest of Wortham, home badly miles northwest of Wortham, lightning destroyed the chimneys, which were in center of home and badly damaged the roof. All the families suffered shock, but otherwise were not hurt, and no lives were lost.

**Wortham Receives
Three Inches Rain
Within Two Days**

WORTHAM, July 18.—(Spl.)—Wortham had a two and one-half inch rain here Friday, which began to fall about noon and lasted several hours. This rainfall with the half inch rainfall of Thursday has been reported to be of material benefit to all grain and cotton and all vegetation.

The big sailorman from Boston has considerable powers of expression. His pale blue eyes flash as he talks, his gestures help him tell his story dramatically, decisively. He wastes no words, saves no feelings and he talks as his hits—straight from the shoulder.

"Mickey is a nice little fellow and the more people think he has a chance to whip me in Ebets field Wednesday night, the more will pay to see us fight, but he's only middleweight and there aren't any middleweights around today, no matter how good they are, licking Jack Sharkey."

"They've been saying I was fat and slow and boxing like an old man in training. Maybe that will help the gate, I don't know. But it won't help Walker much."

"I'm not going to be in any hurry with Mickey. I haven't fought but four rounds—the four I pasted that Dutchman Schmelzinger before he yelled foul—in almost two years and I need the work before I fight Tommy Loughran again in August at Ebets field. So I figure I'll go along with Mickey for seven or eight rounds and then knock him over."

Reports from electric storm of Thursday night were Ed O'Sharnan of Frost; J. C. McDonald of Shepard; T. M. George, Jr., R. L. Harris, R. Bruce McCormick, and C. N. Dillingham of Blooming Grove; E. S. Shepard, Jr., G. O. Moore of Frost, F. H. Simpson and V. T. Matthews of Dawson; Henry Davis and Wayne Milligan of Richland; Drew Davis and Earl Newwood of Purdon; W. E. Woodruff and Luther Boswell of Barry; committee men to be selected from Roane, Kerens, Rice, Chaffield, and other points in the county.

CHARLIE DOUGLAS FOUND IN SERIOUS CONDITION IN JAIL

JUDGE SCARBOROUGH ORDERS TRIAL RECESSED UN- TIL SATURDAY MORNING

Charlie Douglas, 40, Henderson county, was reported resting fairly well at the P. and S. hospital Friday afternoon from severe cuts about the arms and neck and with an excellent chance for recovery unless complications develop.

Plans were being made early Friday afternoon for a blood transfusion and a younger brother, Dewey Douglas, 32, announced he was ready to submit to the test and furnish the necessary blood if needed.

Douglas was discovered in a serious condition in the Navarro county jail Friday morning at 5:45 o'clock suffering from wounds in the elbows, arms and neck. Prisoners in the jail with him had not noticed anything unusual and had not been awakened, officers reported. It is thought that the wounds were sustained a short time before he was discovered. Douglas was rushed to the hospital in the Corley-McMahon ambulance where medical attention was given. It was stated that the physicians not arrived at the time they did, it is likely that Douglas would not have survived.

Douglas was being tried in the Thirteenth Judicial district court on an indictment for alleged murder in connection with the fatal shooting of Texana Hall, 46, a sister-in-law, in Henderson county, April 12, at the same time that Davis January, a son-in-law, aged 24, was fatally shot. Douglas also faces a trial here on a murder indictment in that case.

The trial for the Texana Hall shooting was practically completed at a night session of court Thursday night. Cleo G. Miller, Navarro county attorney, and Ben Greenwood, assistant attorney at Athens, had spoken for the State and Dick Spter, Athens, defense attorney, had argued the case before the jury. Clay Cotton, Palestine, special prosecutor, and D. W. Justice, Athens, defense attorney, were scheduled to have argued the case Friday morning, but the injuries to the defendant caused District Judge Hawkins Scarborough to send the jury to its quarters and to postpone the case until Saturday morning, it is thought that the condition of the defendant might be such that the trial could be completed.

Looking Up Law.

State and defense attorneys were at a loss Friday morning for the correct procedure and along with the court were perusing law books without avail to find a similar case. Officers reported that a safety razor blade was found near where Douglas was discovered, and that it was apparent that the razor blade had been secreted in his clothing.

Harmon Chandler, deputy sheriff, who has been guarding the defendant during the trial, reported Friday that Douglas attempted to escape Friday night en route from the district courtroom to the jail but he caught him. Chandler said that Douglas had been despondent and very worried since the trial began, and this was substantiated by relatives who declared that Douglas had mentioned the fact that he did not believe he would go through with the trial again. His children testified against him.

Officers said they had feared Douglas would attempt to escape or harm himself for several days and had watched him closely. Officers estimated that Douglas lost about a gallon of blood. Both arms were slashed deeply at the elbows and the jugular vein in the neck was barely missed by the weapon.

Testimony Concluded.

Testimony was concluded Thursday night with the testimony of Jess Sweeten, Henderson county deputy, who told of certain instances about the Hall home. The charge of the court was given at Thursday night's session. Practically all of Thursday was consumed by conferences, etc., by the attorneys on the charge of the court.

The trial has attracted considerable attention in Navarro and Henderson counties and the courtroom was packed with interested spectators at all of the sessions. The courtroom was filled at the three sessions of court Thursday and also Friday morning.

The two murder indictments against Douglas were transferred to Navarro county from Henderson county June 22 by District Judge E. R. Dent when the case was called for trial there.

Douglas was in the hospital ward with one of his feet handcuffed to his bed and with a deputy sheriff loitering nearby.

To Ask Dismissal Of Murder Charges In Mexican Slayings

ARDMORE, July 18.—(P)—Defense attorneys announced today they were ready to go into district court Monday and ask that murder charges pending against W. E. Guess and Cecil Crosby, former deputy sheriffs charged with slaying two Mexican youths here on June 7, be dismissed.

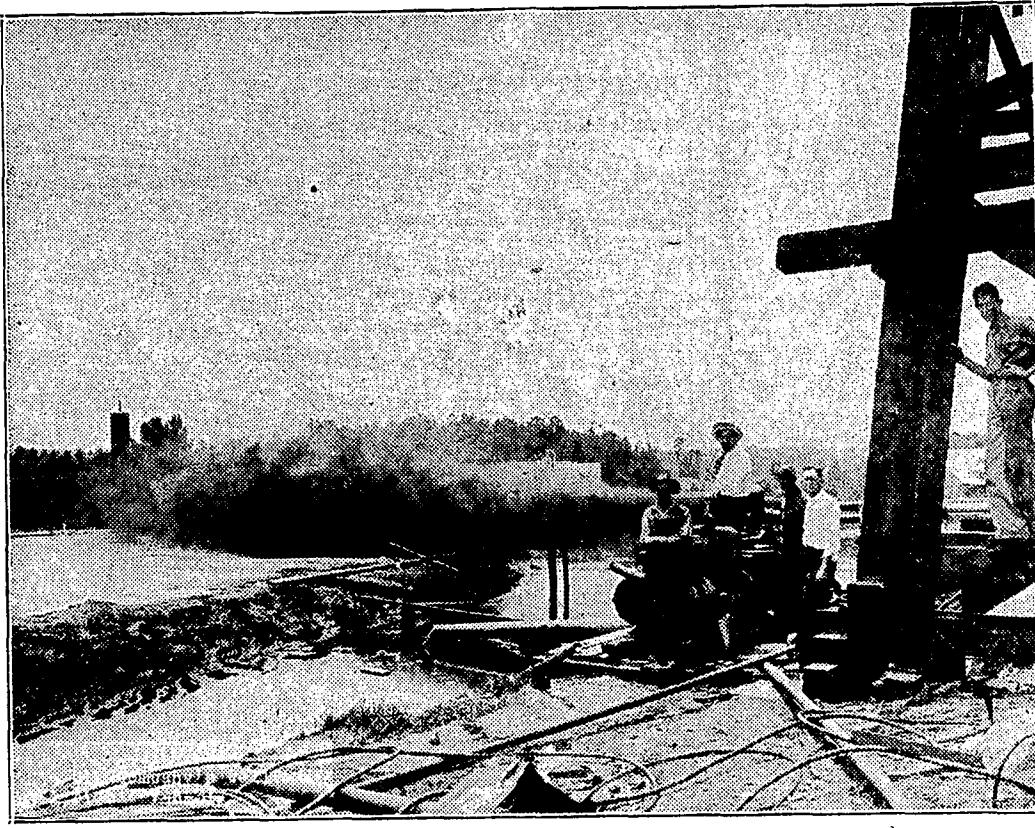

Guess, acquitted by a jury of the murder of Emilio Rubio, Mexico, is charged also with his cousin of President Ortiz Rubio, who was the Mexican family, who was with Emilio Rubio when the shooting occurred.

Crosby, who was with Guess on the night of the shooting, is charged with having slain both Rubio and Gomez.

:-: Whale In Name And Size :-:

The above is a picture of the Whale Oil Corporation's No. 1 Richey in action. The well was completed July 8, as one of the largest producers in the East Texas Oil field with an estimated production of 50,000 barrels daily. In the picture reading from left to right: A. E. Wall, driller, who brought the well in; Sam Roosth, Tyler, president Whale Oil Corporation; I. O. Hodges, Corsicana, vice president; Donald Marr, secretary, Corsicana, treasurer, and B. T. Austin.

The drilling contractors were Burkhalter and Buchanan who are credited with drilling the hole almost 100 per cent straight, which is said to be unusual for a hole of this depth. Connections with the Humble Pipeline have been made and proration allowable is being taken from the well.

MISTRIAL ORDERED IN DOUGLAS CASE; RETRIAL NOT SET

The trial of Charlie Douglas, 40, Henderson county, on a murder indictment for the alleged fatal shooting of Texana Hall, 46, April 12, which was being tried in the Thirteenth Judicial district court on a change of venue from Henderson county was stopped Saturday morning when the defense motion for a mistrial and continuance was granted by Hawkins Scarborough, district judge.

Douglas was brought into the courtroom on a stretcher at 10:30 o'clock and the jury a few moments later was discharged by the court. The defendant was taken back to the P. and S. hospital in the Corley-McMahon ambulance where he has been since an early hour Friday morning after he had been discovered in the county jail in a serious condition with cuts and slashes, self-inflicted, about the neck and arms.

The defendant appeared still very weak from the loss of blood. It is thought, however, that unless complications develop, he will recover.

Judge Scarborough stated Saturday morning that he did not know when the case would be reset for trial.

The defendant was being tried for the fatal shooting of his sister-in-law, Texana Hall, in Henderson county April 12, the same night his son-in-law, Davis January, 24, was fatally shot near the home of Henry Hall, father of Miss Hall. Both were shot with buckshot.

Interest spectators filled the courtroom Saturday morning as at every other session since the trial began here.

Attempted to Escape.

Testimony had been completed Thursday night and two State and one defense attorneys had argued the case before the jury.

Douglas attempted to escape from Harmon Chandler, deputy sheriff, Thursday night but was prevented, the officer reported.

Officers said a safety razor blade was found near Douglas' body early Friday morning and the wounds were inflicted by that weapon.

The defense motion stated that the self-inflicted wounds about the arms and neck and also a head wound, the defendant was too weak to continue with the trial and that it would endanger his life; that the jury had been locked up since Thursday night, and probably had learned that the defendant had sustained some kind of injury from some source and might have received some other evidence than that received on the trial; the jury would see the wounds on the body of the defendant and likely would consider the same against him and cause his conviction; and that the action of the Court in bringing the defendant into the courtroom prevent him receiving a fair and impartial trial.

Defendant is Guarded.

The defense prayed that the Court would allow the defendant to withdraw his announcement of ready for trial and that the jury be discharged and declare a mistrial and continue the case to another day in this term of court.

Douglas was guarded by deputy sheriff Friday and Saturday morning while in the hospital and in his trip to the courtroom. No definite announcement has been made relative to whether a deputy sheriff will continue to guard him. As soon as the defendant's condition will warrant it, he will be returned to the Navarro county jail, officers stated.

It was thought Friday that a blood transfusion would be given him, but his condition was improved Friday afternoon and it was not necessary.

Party of Wortham People Leave For Chicago on Friday

WORTHAM, July 18.—(Spl)—At an early hour Friday morning the following Worthamites left for Chicago: Mrs. I. B. McIntyre and daughters, Hazel McIntyre and Ellen; Lillie Roarke Meador, and Mrs. John Muir; Mrs. Fann H. Hammatt, Mrs. Fredrick W. Hammatt. The party left to attend two national conventions meeting in Chicago. Mrs. John Munroe is to attend the National Dunning Teachers association, and Lillie Roarke Meador to play on the nation-wide Dunning pupils recital Wednesday afternoon at 2 o'clock. The others in the party will attend the W. B. A. national convention. They expect to be gone several weeks, and visit interesting place en route home.

**BODY OF AMERICAN
FOUND RIO GRANDE;
SAID BE CORSICANAN**

LAREDO, July 18.—(P)—The body of an American man, a sailor, was found in the muddy waters of the Rio Grande south of Zapato last night.

Officers were trying to link finding of the body with discovery of an abandoned automobile south of Laredo three weeks ago.

An investigation was conducted to determine whether the deceased was Daniel Boone Davis, of Corsicana, who had been missing since June.

The theory that the man had been washed while driving on the highway, robbed of his clothing and valuables and slain, was advanced by officers.

Officers said they had feared Douglas would attempt to escape or harm himself for several days and had watched him closely. Officers estimated that Douglas lost about a gallon of blood.

Both arms were slashed deeply at the elbows and the jugular vein in the neck was barely missed by the weapon.

Testimony Concluded.

Testimony was concluded Thursday night with the testimony of Jess Sweeten, Henderson county deputy, who told of certain instances about the Hall home. The charge of the court was given at Thursday night's session. Practically all of Thursday was consumed by conferences, etc., by the attorneys on the charge of the court.

The trial has attracted considerable attention in Navarro and Henderson counties and the courtroom was packed with interested spectators at all of the sessions. The courtroom was filled at the three sessions of court Thursday and also Friday morning.

The two murder indictments against Douglas were transferred to Navarro county from Henderson county June 22 by District Judge E. R. Dent when the case was called for trial there.

Douglas was in the hospital ward with one of his feet handcuffed to his bed and with a deputy sheriff loitering nearby.

County Women Club Members Hold Rally

A number of women representatives from all parts of the county held a rally at the City Park Saturday afternoon under the direction of Miss Jane Sowell, home demonstration agent.

A dress contest, reports of club progress, and a number of short addresses comprised the program for the afternoon.

**Emhouse Woman
Died in Hospital
Here Early Today**

Miss Olga Harris, aged 32, daughter of Mrs. Ida Harris of Emhouse, died in the P. and S. hospital Saturday morning about 7:30 and funeral services will be held Sunday afternoon at 2 o'clock in the Methodist Church. Emhouse was Reo J. T. Sanders conducting the last rites. Interment will be in Cryer Creek cemetery.

The deceased is survived by her mother and other relatives.

Sutherland Funeral Home will direct the funeral.

**Guilty Plea Made
To Charge Stealing
Of Watermelons**

KERENS, July 17.—(Spl)—Officers Holloway and Jones arrested a man in connection with the alleged theft of watermelons. He pleaded guilty to the charge and was carried to the county farm.

Contable Holloway also carried the man to the county farm to work out fines on various charges.

Two other persons were fined on complaints for alleged disturbing the peace by Judge Clopton Saturday morning.

Chester Ray of Kerens was in Corsicana Friday.

MARRIED IN WORTHAM.

WORTHAM, July 18.—(Spl)—Ray Red, son of Mr. and Mrs. Frank Red of Wortham, was married to Miss Ouida Shannon of Lubbock recently at the home of the bride's parents. They will make their home in Lubbock. Ray Red was born and reared in Wortham, and his many Wortham friends are extending happy congratulations.

TRIPLE FUNERAL SERVICES FRIDAY FOR DROWNED TRIO

THREE LITTLE GIRLS LOST LIVES IN TANK NEAR AN- GUS THURSDAY P. M.

Triple funeral services for the three little Conant girls, two sisters and their cousin, whose deaths occurred by drowning Thursday afternoon in the B. T. Phipps tank, about a half mile east of Angus shortly before 4 o'clock, were held Friday afternoon at 4 o'clock from the home of H. W. Taylor, 906 West Ninth avenue, in Terrell in Oakwood cemetery.

The three girls were in a party of five children wading in the Phipps tank while Mrs. Fred Conant, step-mother of two of the girls, was fishing. The children were holding hands and did not know they were in dangerous water and slipped into a deep section of the tank, which was estimated at 18 or 19 feet deep.

The three dead are:

MARY ETHEL CONANT, aged 10 years.

ETTA DORISE CONANT, aged eight years.

CORA LEE CONANT, aged seven years.

The two older children were daughters of Fred Conant and the younger was the daughter of Mr. and Mrs. Harry Conant.

When the accident occurred, Mrs. Conant, with her little son in her arms, waded into the water and rescued Mary Elizabeth, daughter of Harry Conant, and Homer Fred, son of Fred Conant, while Eva Ray Conant, 12, son of Fred Conant, swam toward Angus to spread the alarm.

Efforts to Revive Fall.

Mrs. Conant said that it was about 15 minutes or longer before anyone arrived to aid. It was reported that the bodies were taken from the deep portion of the tank. Physicians and Sutherland ambulance with a putmotor sped to the scene of the tragedy, but all efforts to revive the three little girls were unsuccessful.

The bodies were prepared for burial by the Sutherland Funeral Home and were taken to the Taylor home late Thursday night.

The news of the tragedy spread rapidly and within a short time scores of people from Angus and neighboring farms had gathered at the tank.

Both Conant families have resided in the Angus community for many years and lived on farms near the Phipps farm.

The Pure Oil Pipe Line company working jointly with the Prairie Pipe Line company has a crew of 150 men taking up an 8-inch line from Teague to Wortham, 14 miles, and doubling the line from the Oldfield pump station at Teague to the Britte pump station at Mexia, 17 miles. In addition to the work of doubling the line from Mexia to Jacksboro, 140 miles, is to begin at once.

The Humble Pipe Line company has recently built a large line to the East Texas field through Freestone county, connecting the Greaseback pump station with storage near Mexia. The Sinclair tank farm has been leased by the Standish company, and the Humble will run oil for that storage.

Surviving Mary Ethel and Etta Doris Conant are their father and step-mother, and three brothers, Alva Ray, Homer Fred and baby brother, Surviving Co. Lee Conant are here. Surviving, two sisters, Alva Mae and Mary Elizabeth, and one brother, Adam Conant, all of the Angus community, and other relatives.

The funeral services were conducted by Rev. A. E. Walker, of Waco.

Preparations are under way by the F. P. McElwraith Construction Company for the beginning of the pouring of the 20-foot concrete slab from a point three miles north of Corsicana to Ennis, Ellis county, on National Highway 75 within the next few days. One outfit has already been started at a point south of Rice and the pouring of the slab is expected to start at once, it was announced.

Another outfit, now in use in Freestone county, will be moved to the Ellis county sector of the Highway 75 toward the Navarro county line, while a third mixing outfit, also in Freestone county, will be brought to the Eureka sector within the near future to be used in the laying of the slab from the Three-Way Filling Station to the district line east of Eureka on Highway 75.

The above-mentioned contracts were awarded to the McElwraith company recently by the State Highway Commission.

**A. A. SLATE DIES
RESULT STROKE OF
APOPLEXY TODAY**

A. A. Slate, aged 61 years, 519 North Nineteenth street, was stricken with apoplexy about noon Saturday on West Second avenue, and was pronounced dead when he was rushed to the P. and S. hospital in the Corley-McMahon ambulance. Funeral services will be conducted sometime Sunday afternoon, but the hour had not been decided at press hour.

Mr. Slate was a long-time resident of Corsicana and Navarro county.

Surviving are his wife, one daughter, Mrs. J. F. Walker, Black Hills; and three sons, Fred, Chester and Charlie Slate, all of Corsicana.

The funeral services will be directed by the Corley-McMahon Funeral Home.

JUST FOLKS

TO THE LEGIONNAIRES
Soldiers of the legion there's a welcome waiting for you. Here a million hearts devoted will be palpitating for you. Oh, it's glad am I you're coming to the city that I love, Where the years are not forgotten when the skies were dark above.

Here you'll march to merrier music than you ever heard in France.

Where machine guns used to rattle and death threatened each advance.

I remember in the old days all the prayers we prayed for you. And the little comforts which our women made for you.

"Our boys across the seas" you were, for those were years of doubt.

Which you may sometimes think that we've forgotten all about. But come and let us show you that we haven't ceased to care.

Although the fighting doughboy now is called a legionnaire.

The call is for September, and my city waits for you with lusty cheers of welcome she will swing her gates for you.

We'll set the banners flying and we'll tell the bands to play.

We'll line the streets to cheer you as you swing along the way.

We'll have no need to stop and shout orders out to you, And, Buddy, while you're with us there'll be no K. P. to do.

(Copyright, 1931, Edgar A. Guest)

IT REDUCES PRICES.

Some people have always argued that advertising adds to the cost of goods, and that the business house that eliminates this form of expense could afford to sell cheaper.

It is interesting to think what would happen if all at once firms stopped advertising. The result would be that the enterprising and successful store, the one that gets a good trade because it serves the public efficiently, would be unable to hold its position.

A store of that kind could not show enterprise in attracting the public, because the public would not know what it was doing. People would buy in a haphazard way, largely of the stores that happened to be nearest to them. If the enterprising store attempted to handle some big lot at low prices, the public would not know that the goods were there, and the sale would not be a success. This would discourage a man from special attempts to serve the public, and he would run along in a routine way.

Health comes first in Marquette. A full-time doctor, office assistant and nurse are employed, and water and milk furnished the city are tested regularly. A 300-acre park provides recreational facilities. All streets are paved. And, with a full-time judge waiting to dispense speedy justice Marquette is not a popular place among crooks.

In sixteen years of commission government, a civic investigator from the "Rotarian" magazine has learned, the value of city-owned property of Marquette has increased from one to almost two and a half million dollars. Bonded indebtedness has been cut from \$240,000 to \$138,000, and \$477,000 in new issues paid off. And, for the past decade, the tax rate has been almost stationary.

Merchants would find that it did not pay to hold special sales as the public would not notice them much if they were held. The constant stream of trade that has been flowing through enterprising stores would dwindle. When a store sees its volume of trade fall off, the charge per article for retail distribution has to be increased. The cost of distributing stuff could be expected to double under such a system, and there would be a lack of the special opportunities by which the thrifty buyer now saves money.

DESERVED COMPLIMENT

Corsicana citizens take considerable pride in the record being made by Hon. W. A. Tarver, chairman of the state insurance commission. Mr. Tarver resided in Corsicana a good many years, married here and practiced law here. In fact we still claim him as one of our citizens even though his duties cause him to reside in Austin. Prior to his appointment on the insurance commission by Dan Moody, Mr. Tarver was prominently mentioned as gubernatorial timber. His record as chairman of the insurance commission has further emphasized this possibility.

Recently the Waco Farm Labor Journal editorially paid Mr. Tarver the following deserved compliment:

"W. A. Tarver is chairman of the State Board of Insurance Commissioners and everybody knows the real value of this learned lawyer in this place of responsibility. The service of this gentleman is highly appreciated by all having business with this arm of our state government. He is big in body and mind; he is patient and tolerant and his heart is full of sympathy and love for the common people. In a word he is an ideal public servant. His way of meeting the public has attracted general attention. It is such men as Judge Tarver who makes good governors and his name is frequently mentioned in this connection. A recent honor that came to our Insurance Commissioner was the election of second vice-president of the National Convention of Insurance Commissioners at Chicago."

JUST FOLKS

The World Is Shrinking Rapidly

478 GUY HALL

PURE FOOD ANNIVERSARY.

PROFITABLE UNSLEFISH-DEVASTATING OSCULARITY.

Twenty-five years ago most manufactured foods and drugs were adulterated, impure and labeled and advertised to deceive the public. There was comparatively little demand for them because the public had no confidence in them. Today these products are pure, unadulterated, truthfully labeled and advertised, and universally used.

A law enacted by congress 25 years ago effected this remarkable change. It is the federal Food and Drug Act, an act which might come under the general definitions of socialism, paternalism and government interference with business, but nevertheless a necessary and salutary law.

When this measure came up for passage in congress the credit is due to the city-owned light plant which turns a profit of \$100,000 annually. But even more significant, in the opinion of the investigator for the "Rotarian," is the calibre of men Marquette puts in office. The present mayor, Edward J. Hudson, who is boss to hundreds of employees at a large iron works, is typical.

"We simply run the city as you or I would our business," he is quoted as saying.

Accounts for each of the six city departments have four columns in the city's books. The first lists items of consumption of manufactured expenses. The second notes appropriations allotted for twelve months. The third gives the monthly pro-rata amount, up to the current date. The fourth tells the final tale—just how much the expenditures run over or under the budget allowance. Marquette commissioners never have the excuse for a deficit of not knowing how much money they have to spend.

FARMERS ADVERTISE

Use of classified advertising columns of city newspapers by farmers in adjacent agricultural districts to develop sales of fresh farm products delivered by parcel post direct to city consumers is a new development in agricultural marketing. Jess C. Harriman, Director of the Division of Parcel Post of the Post Office Department stated.

In some large cities newspapers print a classified "parcel post" column, Mr. Harriman said.

Additional information made available by Mr. Harriman follows:

Many farmers are increasing their income considerably by shipping fresh butter, eggs, poultry, and of fish, like smoked sturgeon, directly to geon or caviar, also are being made regularly now.

America seems to be of little help to herself in her present borasca, but she still looks prosperous to the rest of the world and can lend a helping hand to a sister nation in distress. The countries of the world know they can always go to Uncle Sam for help, although there is little they can or would do for him in an emergency.

A psychologist calculates that every kiss shortens human life by three minutes. The theory is that the heart is good for only so many beats, and naturally a speeding up means that it gets to the end of its allotted schedule sooner. On the basis of this theory it is a question whether the kiss is worth a palpitator.

Scientists in every civilized land, but most recently in fascistized Italy, have measured the number of germs on an inviting pair of lips and found them legion.

Public health authorities have . . . on each occasion, quick to sense the grave danger to life and health, but received the news as though the menace had never existed before.

The wonder of the whole matter is that the soviet and fascist governments, which have gone the limit in plain and fancy suppression, repression and oppression, have not before attempted to abolish the gentle and quite well patronized art of osculating.

Scientists may talk of wasted heart beats and lip-dwelling bacteria and public health agents may warn and threaten without diminishing the world's production and consumption of kisses. Here is mass production in its earliest form.

Convention and custom have regulated kissing to some extent, but law will never abolish it.

Three-cornered one, the new disputant being the free man who maintained that the child belonged to neither state nor church, but that the state and church belonged to the child.

Russia has established a new government on the principle that the child belongs to the state, which is long to the church. The same principle is at work in Rome, although there the church has not surrendered to it.

The United States, while there are thoughtless persons who advocate, perhaps innocently, the subordination of the citizens to the state or church, the state and church belong to the people who are free to do with them as their best judgment dictates.

President Hoover, it is reported, thinks the rumor that beer will be legalized funny. Bootleggers cannot see anything funny in it.

Just when the dark clouds were lifting comes the sad news that 1,017,696 cases of salmon have been packed.

After the bill of rights and with the introduction of the democratic and republican forms of government the ancient feud became a

HOUSE DELAYED IN INVESTIGATION BY PROCEDURE STUDY

HOUSE AND SENATE RECESS AFTER SHORT SESSIONS FRIDAY

AUSTIN, July 17.—(P)—Start of the investigation of the oil industry by the lower branch of the legislature acting as a committee of the whole was delayed today while floor leaders conferred on the best method of procedure. The house was in session approximately one hour and recessed to permit a course of procedure to be outlined.

The senate was in session seven minutes and adjourned until Monday. One bill was introduced. It was by Senator Charles Gaines of Bryan and provided for establishing a committee of three to administer conservation laws. One of the members would be appointed by the governor, one by the senate and one by the house of representatives. Production would be limited to a reasonable market demand and the commission would be given authority to fix the minimum price of oil and natural gas at the wells.

The price of oil would be 15 times the price of gasoline per gallon sold at retail, less taxes and transportation charges. The price of natural gas at the well would be 25 per cent of the retail price to consumers.

Two bills dealing with oil were introduced in the house and referred to the committee of the whole, which, in regard to the administration, offered by Representative Alfred Petach of Fredricksburg and others, provided for a conservation commission of three appointed by the governor to direct administration of the conservation laws and was aimed primarily at preventing physical waste, according to its authors. No attempt was made in the bill to prevent economic waste.

The second house bill, by Representative J. T. Cox of Groesbeck, provided that no oil or gas well shall be drilled nearer than 600 feet to any completed well or any drilling well or within 300 feet of the property line of the tract. Provision was made for exceptions to the 300 feet rule in event test wells were jeopardized. The bill provided for administration of the law by the railroad commission.

New Resolution Offered

A resolution was introduced shortly after the session opened by Petach to authorize a speaker, Fred Minor, to preside over sessions of the committee of the whole and to issue subpoenas for witnesses at the request of members. Each member would have the right to interrogate his own witness before turning him over for general examination.

This procedure met with objection from Representative Lee Satterwhite of Odessa who expressed fear that certain members might attempt to delay the proceedings by having several witnesses summoned. This view was concurred in by Petach and other signers of the resolution. Petach declared he wanted it "distinctly understood no effort was being made by the administration forces to delay the investigation or 'choke down' the proceedings."

Another Way Proposed

A resolution by Representative G. E. Terrell of Alto specified the committee of seven members to take charge of the investigation.

The resolution named Representative Satterwhite, Petach, Harry N. Graves of Georgetown, T. H. McGregor of Austin, E. H. Lester of Henderson, Coke Stevenson of Junction, and Bailey Hardy of Breckenridge, chairman of the house oil committee. Action on the resolution was postponed until 2 p.m.

The senate was invited to attend sessions of the house during the investigation.

The committee of the whole will investigate charges of violations of the anti-trust laws by major oil companies and monopolistic manipulation to depress the oil market. Charges of agreements in restraint of trade will be aired under the resolution authorizing the investigation.

Residents of nearby houses said they had a shot about 10:30 p.m. last night.

Officers were conducting an investigation to determine how the shooting occurred.

Two Die in Plane Crash

LOS ANGELES, July 17.—(P)—Willard J. Wilson, 22, student pilot and Louis Wells, 25, flying instructor, were killed in a crash near Bell, Calif., last night. Their two passenger biplane went into a sideslip and crashed from an altitude of about 700 ft. Witnesses told Deputy Sheriff . . . the two men had been stunt flying.

Man Found Shot to Death

MARSHALL, July 17.—(P)—The body of Harold W. Cook, 35, believed to be a Longview oil man, was found in a lonely grove at Woodlawn, 11 miles north of here, at 3 a.m. today. He had been shot through the head.

A pistol was lying a few paces away from his body. Officers discovered his automobile nearby.

Numerous lease papers and checks, bearing the signatures of officials of East Texas oil companies, were scattered on the ground.

The charter of the local chapter has been received and will be formally presented Thursday night, July 30. It was announced last night that the local organization will be known as the Corsicana Chapter, Disabled Veterans of the World War No. 20.

Those whose names appear on the charter as charter members are Charles A. Davis, James Keeton, Macy Smotherman, Thomas F. Blissette, Walter M. Stubbs, Fred A. Mash, Henry Levy, J. M. Dyer, Jr., Thomas J. Seay, John Molloy and Moment Bostick.

ORGANIZATION OF DISABLED VETERANS NEAR COMPLETION

ELECTION OF OFFICERS AND PRESENTATION OF CHARTER BE MADE JULY 30

Completion of the organization of a Disabled American Veterans' chapter, election and installation of officers and the formal presentation of the charter will be made Thursday night, July 30, according to plans announced at a meeting held in the county court room of the courthouse here Thursday night.

Several speakers prominent in the organization discussed the various phases of their work. It was done and outlined the future plans of the order before an audience last night and considerable enthusiasm was shown not only by those eligible for membership but other veterans and those attending.

John Molloy, who has taken an active part in the organization of the local chapter, presided at the meeting. The speakers were introduced by Lawrence R. Melton, state commander, who also outlined in detail the plans and purposes of the organization. He said that rehabilitation of the disabled veterans, assistance for disabled and orphans, deceased veterans and the general welfare of ex-soldiers were the principal reasons for the organization's existence. In outlining some of the accomplishments of the order and some of the things the order stood for, Mr. Melton said that the United States should maintain adequate military defense at all times.

Claims Procedure Told

Read Johnson, regional manager of the United States Veterans' Bureau at Dallas, was the first speaker introduced and he explained in detail the workings of his office, the rules and regulations, prescriptions by the United States Veterans' Bureau in obtaining disability allowances or any other claim of the veterans. He declared that the D. A. V. was not organized for selfish purposes but for the purpose of helping those who deserve the assistance of the U. S. Veterans' Bureau. He discussed briefly the bill which would provide a pension for widows and orphans that is being sponsored by D. A. V. and stated that it is a piece of legislation designed to help those who needed it most.

Major Hart, Captain Chamberlain, Lieutenant Rogers and Longyear died when two army planes crashed together in the air near San Antonio. The planes plunged from an altitude of approximately 300 or 400 feet. Neither caught fire, but the impact converted both into shapeless masses of wreckage. The three Conant children were drowned in a tank near Angus, Navarro county. Mary Ethel and Etta Doris Conant were sisters, and Cora Lee Conant was their mother. They were members of a party of five children who were walking in the tank. Mrs. Conant, mother of Etta Doris and Mary Ethel, was able to carry two of the struggling children, her son, Horace Fred, and her niece, Mary Francis Conant, to safety.

The children were said to have walked unsuspectingly into deep water. Mrs. Lockhart was killed when the car in which she was riding left the highway near Dialville and crashed into a telephone pole. Mrs. E. L. Norton, driver of the car and her three children, Helen, 5, Leo, 10, and Arthur, 5, were injured.

Williams, a farmer, was killed near San Angelo by a bolt of lightning. Williams and three of his daughters were chopping cotton and were hurrying from the field to their home when the bolt struck him.

Mr. Johnson said that without the help of the various service organizations legislation sometimes could not be secured. He then told of the difficulties encountered in passing the loan bill and the hospital bill. He gave the details of the activities of congress in securing their passage and the final passage of the loan bill over the veto of President Hoover.

In speaking of proposed legislation Mr. Johnson said he favored the D. A. V. for pensions for widows and orphans of deceased World War veterans.

The charter of the local chapter has been received and will be formally presented Thursday night, July 30. The local organization will be known as the Corsicana Chapter, Disabled Veterans of the World War No. 20.

DALLAS STEERS ARE PROVING SENSATION OF TEXAS LEAGUE BATTLE

PAUL EASTERLING
SAVES GAME FOR
BEAUMONT SUNDAY

HARD LUCK PURSES BILL
HARRIS TO PANTHER
CLUB; LOSES

BY BILL PARKER
(Associated Press Sports Writer)

The sensations of the Texas league today are the Dallas Steers who have at last hit a stride that promises to carry them right into the thickest turmoil of the second half pennant battle. Since leaving on their current road trip, the Steers opened at Houston by defeating the Buffaloes. Their second Houston game was rained out. They moved into Beaumont for a three game series and won two of the three. Sunday they opened their series in Galveston by trimming the Buccaneers 3 to 2. The results can be seen in the baseball calendar where the Steers are listed third place coming from fifth.

Manager Harry Morse has his team clicking, hustling all the way. Sunday the Steers shoved across three runs in the first of the ninth to grab a mound duel from Galveston. By winning, the Steers kept pace with the second place Beaumont crew who are only one game ahead. The Steers stacked five of their seven hits in the ninth to win. Harry touched off the Steers with a single. He scored on Langford's triple. Cowley Jones tied the score at 2-all with another triple, scoring Langford. Leo Cotter was called out on strikes, and raised such a protest he was banished from the game. Jones scored the winning run on Loepf's fly-out to Rizzo. Preacher Thurman, Galveston's ace hurler, was the losing pitcher. Fuhr got credit for the victory.

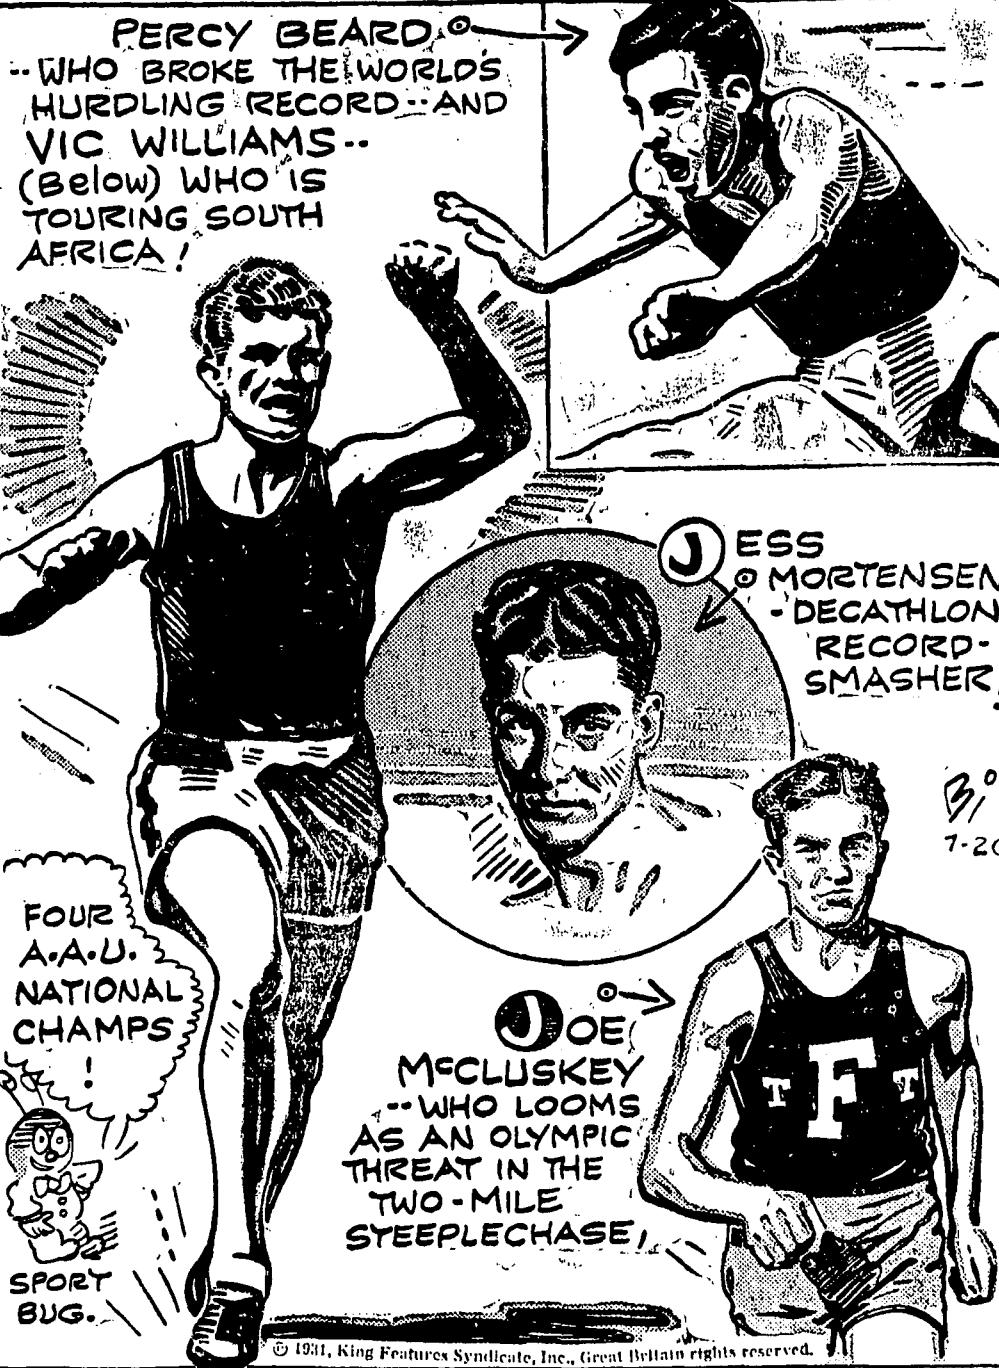

One more this night, day of Paul Easterling, the Steers saved Beaumont a ball game. The Exporters defeated Wichita Falls in a hard-fought 1 to 0 battle when Paul Easterling singled in the ninth to score Heinie Schubel with the game's lone run. Whitlow Wyatt, recent Exporter acquisition from Detroit, out-pitched Milt Steengrafe, winning his third straight game. Joyner White, Beaumont's brilliant rookie, featured in the field when his perfect tag in the sixth inning caught Stiles at the plate to cut off a run.

The league-leading Houston Buffaloes put another game into their won column, defeating Fort Worth 3 to 1. Bill Harris, obtained by Fort Worth Saturday in a trade with Galveston, pitched his first game for the Cats and lost to the superb curving of George Washington Payne. Harris limited Houston to six hits, but the pace setters saw that the lone scored run in Fort Worth got away. At the veteran Houston star set them scattered though to pitch eight consecutive innings of shutout baseball. It was Payne's 15th victory this season.

At San Antonio, the Indians and Shreveport Sports divided a double header, both games going into extra innings. San Antonio won the first 3 to 2 in ten frames and Shreveport won the nightcap, an eight inning affair, 5 to 4. Pinkie Higgins, property of the Philadelphia Athletics, featured the day with a brilliant fielding exhibition. Higgins accepted sixteen chances without a bobble. Sotlers, Shreveport outfielder, got two home runs in the second game, one on a runner aboard, and a triple.

Forecast Olympic Triumph

By HARDIN BURNLEY

© 1931, King Features Syndicate, Inc. Great Britain rights reserved.

THOROUGH as well as cursory examination of the records made at the National A. A. U. track and field championship, held in Lincoln, Neb., on or about the Fourth of July, plainly show that the United States will be an overwhelming favorite to win the quadrennial Olympic games next Summer at Los Angeles. Only in the distance runs and two or three field events would foreign competition seem to have more than an outside chance.

Strong as Uncle Sam has been in all previous Olympics (the U. S. has won them all since their modern inception at Paris in 1896), the margin of victory should be greater than ever next year if present form is maintained or bettered by most of those who made

to detail the other great athletic feats achieved at Lincoln. Percy Beard, of the N. Y. A. G. with 14.2 seconds, broke the world's record for the 120 high hurdles; Frank Wykoff equalled the best ever—9.5—in the 100-yard dash; Eddie Genung, of Seattle, set a new senior record (1:52) in winning the half-mile; and Bob Maxwell did likewise with 23.5 for the 220 low hurdles.

Those mentioned are but the highest lights of this two-day competition featuring most of America's ablest track and field wonders. What was done there will have much influence in the selection of the U. S. Olympic team.

Anyone can guess it—Uncle Sam seems to have enough material for five or six Olympic winning track and field teams.

make him a triple-threat this year. Wilson could pass and kick last season, but was seldom used for either, as the Tigers boasted plenty of both."

An unusual golf experience was reported by A. B. Harshaw who was playing in a foursome composed of himself, C. C. McClung, R. L. McGlasson and Mr. Hickson Thursday at Lakeview course when all four shot birdie threes on Number 2.

A. G. Denmon, St. Cloud, Fla., farmer, exhibited a yellow squash this year that weighed 25 pounds.

Corpus Christi had the best running back in the state last season in Robert Wilson, a little chunky black-haired youngster. He was the lad, who scored Corpus Christi's four touchdowns against Amarillo. Wilson is one of the finest all-round athletes in the state. He was high point man for the Tigers in most of their track meets last spring, being an especially fine sprinter. He'll be back with the Tiger eleven this fall. His coach, Johnny Pierce, plans to

"Amarillo will beat 'em if they pull that play next week," he confided. "I'll sure have Blair Cherry (Amarillo coach) well posted on it."

"Next week rolled around. Corpus Christi once started marching down the field against Amarillo.

The Tigers swept to their 33-yard line. Here the Corpus Christi quarterback called his pet flat zone pass play. And Bushie, to

the fullback, not only intercepted but streaked 75 yards to a touchdown. That score so upset the Corpus Christi team that it was beaten before it could rally and score four touchdowns itself.

"Amarillo will beat 'em if they pull that play next week," he confided. "I'll sure have Blair Cherry (Amarillo coach) well posted on it."

Beauty Chats

By Edna Kent Forbes

All requests for beauty information desired by Edna Kent Forbes' column followers must be accompanied by a fully self-addressed, stamped envelope (s. a. s. e.) and two cents in stamps to cover cost of printing and handling.

For the illustrated pamphlet, "BEAUTY," ten cents in stamps with fully s.a.s.e. must be enclosed. Address Miss Forbes in care of this paper.

MARK UP

It is a foolish woman who does not change her makeup these very hot summer weeks. Some women find that a certain amount of makeup is necessary, some more fortunate ones can go without any. In any case, makeup should be cut down to an absolute minimum.

Whatever cold creams and lotions are used should be slightly astringent, since heat relaxes the pores of the skin. Emphasis should be laid on skin tonics, and liquid skin cleansers should be used rather than oil cleaners. If heavy, flesh-building creams are necessary, they should be used directly over the wrinkles or flabby parts of the skin and not as a general massage covering all the skin.

In any case, the skin should be washed with hot water and a lather of mild soap once a day so that all cream and makeup is removed from the pores. This should be followed by a rinse with hot water, then with cold, and if possible by an ice rub to close the pores and tone up the relaxed muscles. If ice is not possible, make the following astringent skin tonic. Mix together equal parts of witch hazel and eau d'Cologne, shake them thoroughly together in a bottle. Wet a little wisp of cotton and rub the face. This is a good way to remove cold cream or it can be used after the face has been washed, before you apply powder.

Incidentally, if you want to use vanishing cream as a foundation, your skin will look twice as velvety if you will pour a little of this lotion into the palm of one hand, mix a little of the vanishing cream with it, a very small amount, and then spread this over the skin. It will be almost a liquid but it will dry into the skin at once, spread evenly and benefit the skin because it is astringent. It is the only way vanishing cream should be used during the hot weather. Powder over this twice before going out.

C. K. G.—Any cream will

natural looking.

Bertha F. J.—If you use peroxide for bleaching the hair it will shade toward the gold, not toward the red. It is a very good hair shade and never could be taken for a natural shade of golden blonde. While you may prefer golden shades to the red, the reddish tinge from henna is much more satisfactory and natural looking.

VIOLENT DEATHS IN TEXAS SOAR AGAIN DURING WEEK-END

(Continued From Page 1)
pit rolled into an electric switch box.

Abbey was drowned in the Gulf between Port Bolivar and Galveston on the Bolivar peninsula late yesterday, and an unidentified white man was found dead on the Texas & Pacific railroad tracks in the west outskirts of Gladewater early yesterday.

Mrs. Watson met instant death early Saturday when the car in which she was riding plowed into a steam roller near Monahans.

Full May Prove Fatal.

SAN ANTONIO, July 20.—(AP)—S. P. Fleming, Jr., of Houston is near death in a local infirmary as the result of a plunge from the third floor of a downtown hotel there shortly after midnight.

Fleming, member of a prominent Houston family, was here for medical treatment. His mother, Mrs. S. P. Fleming, Sr., and a sister were in the next room.

Police Investigate Fatal Auto Accident

DALLAS, July 20.—(AP)—Police were conducting an investigation today into causes of the accident which last night fatally injured D. E. Templeton of Tyler, Texas, an employee of the K. & T. railroads. Templeton was walking across a street intersection when struck by an automobile.

The driver of the car was arrested after motorists and pedestrians stopped him two blocks from the scene of the accident. Witnesses said he failed to stop and render aid after hitting Templeton.

Little Girl Killed.

EARLSTON, July 20.—(AP)—Five-year-old actress, Herbert of Lucifer, was thrown from her mother's arms and instantly killed Sunday midnight in an automobile collision two miles west of here on the Bankhead highway. The mother and father, Mr. and Mrs. S. J. Herbert, and Minerva Ellen King of Earlston, all occupants of the same car, were only bruised.

Occupants of the other car in the crash escaped with minor injuries. They were Paul Walker, Gladys Ford and Mrs. Frances McGlinny.

Both automobiles overturned. Jackie's head was pinned under one of the cars. She was dead before the machine could be lifted from her.

Publisher's Wife Killed.

MOODY, July 20.—(AP)—Funeral arrangements for Mrs. R. L. Fox, 52, wife of the publisher of the Moody Courier, were to be completed today.

Mr. Fox was fatally injured late yesterday when a car in which he was riding was struck by another automobile near her home here.

Mrs. Fox was thrown from the car and it overturned, pinning her beneath it.

Physician Injured.

GREENVILLE, July 20.—(AP)—Dr. C. F. Nevels, 40-year-old Community physician, was treated at a Greenville hospital today for injuries received in an automobile collision on the Dallas highway, 1½ miles south of Greenville.

Dies of Injuries.

DENTON, July 20.—(AP)—J. E. Tuley, 28, died in a Denton hospital last night from injuries received when the truck he was driving overturned on the Dallas highway southeast of Denton. His widow and two children, riding with him, were bruised.

Burns Were Fatal.

KILGORE, July 20.—(AP)—The body of Earl Renwick, 34, fatally burned here Saturday when the tank on which he was working exploded, was carried yesterday to Hildon, Okla., for burial.

Fire from the tank spread to a nearby gin, destroying a group of cotton seed silos, and for a time threatening the business section of the town.

Convict Shot to Death.

HOUSTON, July 20.—(AP)—The Gray, 32, convict cool on the Central State prison farm, was dead today after making an unsuccessful attempt to escape Saturday night.

Gray was shot to death on the Houston highway by Stewart N. L. Hidalgo who opened fire on him with an automatic pistol after he had disobeyed orders to stop.

Hidalgo and E. M. Searcy, guard, were patrolling the highway when they observed Gray walking down the road. When called upon to halt he began running.

Five Are Injured.

LAJEDO, July 20.—(AP)—Five persons were injured today when an automobile in which they were riding crashed into a brick building. Enrique Brulloths, 14, received a broken arm; Francisco Brulloths, 13, a cut neck; Miss Jus Ruiz, 17, and Miss Susie Brulloths, 19, cuts.

Horse Rider Killed.

COLLAD, July 20.—(AP)—Reuben C. Purcell, 60, was dead today from injuries received when a horse he was riding on the concrete highway near Collad became frightened and plunged in front of an automobile driven by J. M. Carden of Houston yesterday.

Mr. Carden, his wife and daughter, Joy, 5, and the young son of Mr. and Mrs. Frank B. McClelland of Victoria were en route to San Antonio. The daughter was cut on the face by flying glass.

Sheriff J. W. Lewis and Constable M. A. Lewis of Collad investigated the accident and held Carden blameless.

Philadelphia Bids Republican Meeting

WASHINGTON, July 20.—(AP)—Philadelphia today offered its new convention hall and 15,000 hotel rooms for the 1932 republican national convention.

Mr. Harris A. Mackey, heading a delegation of the society attending the three-day annual convention of painters and decorators, which opened here today.

Geo. DeMoss was in Corsicana Saturday from Navarro.

Clyde Peters of Kere was in Corsicana Saturday.

Miss Frances Walker was in Corsicana Saturday from Kere.

COURTHOUSE NEWS

District Court.

J. Y. Stewart, Corsicana; R. E. Grinnell, Eddy; F. Floyd, Dawson; M. E. Berry, Dawson; L. Clark, Streetman; H. Walker, Corsicana; H. L. Reed, Harry, Gable, Dawson; Jess Dyer, Rice; J. T. Watkins, Barry; Joe Wiggins, Corsicana; R. L. Gates, Kere, A. Lloyd, Frater, Dawson; R. A. Edens, Rice; E. J. Cruse, Barry; Wilbur Wright, Corsicana; G. S. Gamble, Corsicana; 2; H. A. Roloff, B. H. Clark, Rice; J. E. Mathis, Chappell; E. E. Williams, Corsicana; Carl, with Corsicana; D. T. Tanner, Dawson; S. S. South, Rice; L. L. Sands, Chatfield; Clem Weaver, Corsicana; Frank Harris, Corsicana; 2; R. M. Denman, Currie; E. H. Campbell, Blooming Grove; S. S. Baggett, Barry; L. A. Wortham, Corsicana; C. W. Collins, Corsicana; 2; Joe Wylie, Currie; D. W. George, Bloomfield; B. A. Inmon, Keene; 4; Bryan Glenn, Corsicana.

Jack Henry, Esq., Steele Henry, divorce, granted by W. W. McClelland, chairman of the attendance committee, made a report on the work of that committee.

Monday's program was in charge of Eustace H. Jester and Wm. O. Harwell. Next week's program will be in charge of Frank M. and E. E. Williams.

Miss Barth rendered several violin solos, with Miss Robbins at the piano. Miss Barth has spent the past year as a student in the Cincinnati College of Music, Cincinnati.

Navarro and Ellis counties are being a furnished a public health nurse and a sanitary engineer by the U. S. Public Health Service. A recent survey conducted in Corsicana, and said this community ranked high in a number of departments but that improvements should be made in others. She said a good water supply was available here.

Miss Erskine stated that only 22 per cent of money that is spent on an average for community health and a sanitary engineer has twice been called for retirement to help handle emergencies, will be asked by the government to cope with the financial crisis, according to reports published to day.

He is said to be slated for the post of "financial czar" with the duty of checking the fall of the silver peso. The newspapers declare he has been offered the presidency of the Bank of Mexico. Recently he has been sitting in cabinet sessions.

Callie retired three years ago, saying he would come to the aid of the country only when the European development, as well as continued showers over the cotton belt which have retarded insect activity and October contract sales, will be 11 points under the early highs but still 10 points above Saturday's close.

This advance attracted buyers, prices rising off to record levels, with relatively firm Liverpool cables.

The advance continued after the opening of the market, with Liverpool cables sold there had been

Liverpool cables said there had been 12 turkeys 15-18, spring ducks 12-14, spring geese 14.

State Tax Levy Expected Be At Same Figures

AUSTIN, July 20.—(AP)—The State automatic tax board, which sets the state property tax each year, met today as required by law and adjourned subject to call.

George Sheppard, state controller, said he thought the board would be prepared to fix the rate before the end of the week. Other members of the board are Governor Ross S. Sterling and Charles Lockhart, state treasurer.

The rate for the year was 33 for schools, 27 cents for general revenue and 7 cents for pensions.

No hope was held out for a decrease because of the deficit which officials say the State is facing. Governor Sterling stated he would oppose any increase.

One problem which is puzzling the board members is how to estimate the revenue from the gross production tax on oil. That tax is 10 per cent of the oil's value, which has been changing rapidly the past few weeks.

Assessed property valuations are approximately \$10,000,000 under last year, Sheppard said.

DR. ISAAC N. SUTTLE DIED SUNDAY NIGHT AFTER LONG ILLNESS

(Continued From Page 1).
Marion Lloyd, of Corsicana, were married. To this union, three daughters and one son were born. The son, Newton Suttle, Jr., died several years ago. He is survived by his wife, and three daughters, Miss Martha Suttle, Corsicana; Mrs. Guy I. Warren, Muskegon, Mich.; and Miss Bette Lloyd Suttle, Corsicana; a grandson; a sister, Mrs. Bobbie L. Webb, San Francisco, California.

Dr. Suttle was a progressive physician, and attended numerous post-graduate schools always keeping abreast with the profession he loved. Cities in which he attended post-graduate courses in New Orleans, Chicago, New York, and others. He was offered the clinical surgery chair in Baylor college of Medicine in Dallas, but he declined, choosing to remain in Corsicana.

Dr. Suttle was made a fellow of the American College of Surgeons in 1920, and was a member of the Navarro county, Texas, Southern and American Medical Societies. He held many important posts in the county and state associations. He was orator of the Texas Medical Society, and recently was elected to life memberships in the Navarro County and Texas Medical societies.

Always striving for the better things in life and ever alert to improve his knowledge concerning his chosen profession, Dr. Suttle, a student by nature, never ceased his efforts of self education from the time, when a young man, he took up the profession in which he was so successful, until the time his fatal illness caused him to relinquish his practice. Late advancements and scientific discoveries of the medical profession were closely followed by Dr. Suttle and at his death he was probably one of the best known and best informed surgeons in the state.

A man of the highest ethical standards his reputation for fair dealing in all matters is known and respected by the hundreds of friends he made during his useful lifetime. He always took an active and interested part in the matters of his profession and was a popular and valued member of numerous medical societies.

Dr. Suttle was a local surgeon for the Southern Pacific Lines and the Trinity and Brazos Valley railroad for more than twenty years and at the time of his death was divisional surgeon for the St. Louis-Southern Railroad company which place he had held for many years.

The Sutherland Funeral Home will direct the funeral.

Hospital Meeting Postponed.
On account of the death of Dr. I. N. Suttle, the meeting of the medical staff of the P. and S. hospital, which was scheduled for Monday night, July 20, has been postponed, and will be held on the third Monday night in August, it was announced today.

Doyle Nash Trial Docketed Tuesday

Doyle Nash is scheduled to go on trial in the Thirteenth judicial district court Tuesday morning on an indictment for alleged arson recently returned in connection with the burning of a house located at 801 Eleventh avenue, several weeks ago. Nash is now at liberty on bond in the sum of \$2,000.

DIPLOMATS LEAVE PARIS MONDAY FOR LONDON CONFERENCE

(Continued From Page 1).
frankness with our French colleagues, and we are convinced that this direct contact will have happy effects for more and more fruitful development of Franco-German collaboration, to which we are always sincerely bound."

M. Laval touched on the station scene with a comic art which set the platform roaring. An edition of a Paris newspaper with the headline "Laval and Colleagues Leave North Station for England with Smiles" was handed to him. After sizing up the clairvoyance of the headline writer, the premier held up the paper and laughed wholeheartedly. Herr Bruening joined him with a clerical smile and Signor Grandi laughed too.

PARIS, July 20.—(P)—The heads of the French and German governments decided to bring the groundwork for effective collaboration both politically and economically as the result of two days of tense negotiations, now take part in a seven-power conference in London which will attempt to put that policy in operation and to rescue Germany from her financial crisis.

Although the Paris concussions of Premier Laval and Foreign Minister Briand, for France, and Chancellor Bruening and Foreign Minister Cultural, for Germany, did not yield all they had hoped, they spoke confidently of the outcome of the London meeting.

The new spirit in Franco-German relations was set forth in a communiqué issued when the negotiators concluded their work in Paris.

"From now on representatives of both governments insist upon emphasizing a fair firm intention of creating by common efforts as much as possible the conditions favorable to effective collaboration in both political and economic fields," the communiqué said.

In Paris this agreement was looked upon as proof that Germany and France are closer together than they have been in years.

But it was evident that much remained to be done. The communiqué disclosed that the financial guarantees and the measures of the "political appeasement" which France asks of Germany have not been agreed upon.

No Distinct Pledges.

At the concluding session of the Paris negotiations yesterday, Chancellor Bruening found it impossible to give France distinct pledges especially in regard to political.

Despite this continued disagreement, the German negotiators were optimistic about the results of their work.

"The decisive point," declared Dr. Curtius, "is that France and Germany have exchanged views on political questions in such a way that we can now say a new pathway has been found in Franco-German relations."

The American representatives—Secretary of State Stimson and Secretary of the Treasury Mellon—crossed the channel yesterday with Foreign Secretary Henderson after doing their part in Paris to further an understanding between France and Germany.

It was understood that the American cabinet members, in their conversations with the German chancellor and foreign minister, emphasized the necessity of inducing foreign banks not to withdraw their capital from Germany.

The Germans were assured, it was reported, that the Americans would do all in their power to help the Reich by attempting to influence American banks to allow capital invested in Germany to remain undisturbed.

The burglarizing of the home was reported to the city police department.

No arrests had been made in the case Monday. It was announced at the sheriff's office that the burglary had not been reported to that office.

Crop Conditions In Kerens District Good at Present

KERENS, July 20.—(Spl.)—Another good rain fell here Saturday afternoon. The rain extended as far west as Powell and reports from farmers southwest said it was also good. These rains, farmers claim, will greatly benefit corn. The old corn will be kept from shrinking and will make the young corn grow more. Kerens farmers boast of the best feed corn in the history of Kerens.

Some farmers are cutting maize, sorghum, and hogpeas, while others are waiting till later. Several say they intend to feed cattle this winter on their row feed and some have already purchased grinding machines, that grind stalks heads and all. They mix their bundle row feed with cotton seed and corn and claim all stock will eat it.

MANY WOMEN CLUB MEMBERS AT CITY PARK ON SATURDAY

About 75 women attended the H. D. C. demonstration club rally held in the City Park Saturday afternoon. Miss Janie Sowell, home demonstration agent, reported Monday. Practically every club in the county was represented.

County Judge Clay Nash made a brief address to the women before the dress judging contest swung under way. Miss Adele Parrish of the White's Chapel club was adjudged the best wardrobes demonstration and was awarded a trip to the short course at College Station for her efforts. Mrs. J. A. Sutton of the Bryan club won a similar prize for being the best wardrobe co-operator. Mrs. S. A. Renfro of Griffin was selected as the best pantry demonstrator, and also won a trip to College Station.

In the dress judging contest staged at the rally, Mrs. Cora Roberts of White's Chapel was awarded the first and Mrs. N. Chamber of Bryan, second.

Several others are expected to make the trip to the annual short course at College Station, leaving Corsicana next Sunday, but their names were not available Monday.

Fight For Customs Union Opens Before International Court

THE HAGUE, Holland, July 20.—(P)—Germany's fight for approval of her projected customs union with Austria began late this afternoon with Dr. Victor Bruns opening the case before the permanent court for international justice.

Insisting that opponents of the plan are trying to add to the restrictions already placed upon Germany, the Germans declared to show, from briefs submitted to the opposing nations, that many interpretations were placed on the term "independence" as applied to Austria.

Opponents of the accord seek to block it on the grounds that it would be in violation of the treaty of St. Germain under which Austria agreed to enter no compact which might jeopardize her independence.

Opponents of the accord seek to block it on the grounds that it would be in violation of the treaty of St. Germain under which Austria agreed to enter no compact which might jeopardize her independence.

Home Burglarized Saturday During Daylight Hours

The home of K. Wolens, 403 West Sixth avenue, was burglarized Saturday between the hours of 5 and 8 p. m., and a number of suits, dresses and other clothing was reported taken. No complete list of the loss has been announced.

The burglarizing of the home was reported to the city police department.

No arrests had been made in the case Monday. It was announced at the sheriff's office that the burglary had not been reported to that office.

AGED PRESIDENT OF GERMANY STILL RULES DECISIVELY

(Continued From Page 1).
the happier.

There follows a special report on military matters by an officer of the defense ministry, for veteran field marshal that he is Von Hindenburg proposes to be commander-in-chief of the army and navy in fact as well as in name.

A third daily report is that by the president's political adviser and right hand man, State's Secretary Otto Meissner, who served in like capacity under the late President Friedrich Ebert. "He knows the business, I don't," was Von Hindenburg's comment when some of his friends tried to "sell" one of their favorites to the president-elect in 1925 for this important confidential position. And Meissner has remained ever since.

Only Son Is Aide.

The president's only son, Col. Oscar Von Hindenburg, is his adjutant and personal aide, and as such handles the president's personal, non-official correspondence and makes his personal appointments. As the president is a widower, the colonel's wife is the first lady of the land and acts as the hostess during dinners and receptions.

There follow reports by cabinet ministers, chiefs of departments, and German diplomats on their visit to foreign visitors. With one accord those who have been received by the president testify to his great objectivity and broad mindedness as well as to his kindness in judging men. Patiently he listens to views that run counter to his own. All he asks is honesty and frankness. He also demands personal modesty and simplicity and is quick to detect conceit and pose. But, while he has positive likes and dislikes, he does not let these interfere with appointments recommended by cabinet members and departmental chiefs.

One charge of vagrancy was transferred to the county authorities.

CORPORATION COURT.

Three charges of speeding, one of intoxication and disturbing the peace, three of intoxication, one of abusive language, one of running at stop sign, and one of running through a red light, appeared on the docket of the corporation court Monday morning and brought offenders before Judge H. S. Melear for the customary sentences.

One charge of vagrancy was transferred to the county authorities.

A. A. SLATE BURIED SUNDAY AFTERNOON AT ZION'S REST

Funeral services for A. A. Slate, aged 71 years, 518 North Ninth street, native of Tennessee but resident of Corsicana and Navarro county for many years, who died suddenly Saturday at noon on West Second avenue with apoplexy, were held Sunday afternoon at 3:30 o'clock from the chapel of the Corley-McMahon Funeral Home with interment in the Zion's Rest cemetery. The funeral was conducted by Rev. J. W. Bergin, pastor of the First Methodist church.

Surviving are his wife, three sons, Fred, Chester and Charlie; slate, all of Corsicana; one daughter, Mrs. J. E. Waller, Black Hills, and other relatives.

Pallbearers were Granville Rushing, A. S. Fulton, Buck Frazier, Arthur Lynn, Lloyd Kerr and Jack Megarity.
